GUEST LECTURE SERIES 2019 - 2020

MULTISTORY* is a student and alumni led guest lecture programme series at Canterbury School of Architecture, University for the Creative Arts. We seek to invite architects, designers, writers, curators, photographers and artists to speak about their work.

FUTURES:INDUSTRY

This year we have chosen the theme of Futures:Industry, to discover and incite discussion of how the profession is adapting and innovating to cope with changes in climate, society, and procurement. We aim to ask 'what kind of diversifications are growing and changing our industry, and how can we participate?'
